## *Dedicating . . .*

To our Danish foreign exchange student, Henrik Hoghoj, who did so much toward making our year enjoyable at Zumbrota High School. Long may he remain in the minds of the ones at Zumbrota High School. That is why we wish to dedicate the Tiger of 1959 to him.

Queen Kathy and escort, Bill, had a happy reign over the 1959 Winter Carnival.

This year our Sno-Days began with a campaign for queen. Friday at our pep fest the queen was crowned. The Farmington game added to the excitement. After the game an old-time basket social was held in the gym. Saturday afternoon the local skating rink was the scene of "Snow White" and a hockey game. The kids changed from their sports clothes to formal wear and spent Saturday evening dancing to the music of the "Collegiates," in a winterland of snowflakes.

## "A" BASKETBALL

The Tigers started the season with a straight victory. The Green team began to take notice of the rapidly improving Zambrita quintet. The Tigers arranged a visit to Farmington and a sojourn to Dodge Center. The longest winning streak of the season then commenced as the Tigers took eight straight victories. Far from a perfect cold water, many interference title hopes when they beat us and put us into second place when the season ended. This season was one of the best in basketball history at ZHS with 14 wins and 4 losses.

## HENRIK'S IMPRESSIONS

When I was told that I was to live in a little town in Minnesota for a year, I, originally, did not like the idea of a little town. I have certainly changed my mind since. I was used to living in a big city so, naturally, it was a change to come to Zumbrota, but I found that it was a very pleasant change. People in Zumbrota were very friendly. Everybody knows everybody else and says, "Hello" when they meet in the school.

I have had a wonderful time in Zumbrota High School. I have enjoyed every moment of it. First, the football season, by the way football was completely new to me. Football is really the best game I have ever seen. I wish I could go home and teach the Danes to play it, but I probably don't know enough about it to do that.

"Homecoming," I will remember for a long time being put up in the parade and all the festivities. I could go on for a long time listing all the unforgettable memories I have had in Zumbrota. The time here has certainly taught me a lot about your way of life.

I would like to thank everybody in Zumbrota for the wonderful time I have had here.
